

## A Big Thank you to St. Stanislaus Ex-Students Association

[THIS IS A TRANSLATION FROM HINDI TO ENGLISH. TO READ HINDI VERSION CLICK HERE](#)

“**Treating all humans as your fraternity is a very great virtue**”, in the writings of National Poet Maithili Sharan Gupt he has explained this core virtue of humanity. The same path has been followed by the St. Stanislaus Ex-Students Association.

In the last year, the SSESa got together to successfully execute the Teachers Health Care Initiative for the benefit of 94 teaching and non-teaching staff of St. Stanislaus.

I am PN Rai, an ex-master [Hindi] of St. Stanislaus High School.

I was suffering from Hernia for the last 7 years. This group health plan helped me to finally get admitted and treated successfully spending more than Rs. 1 Lakh at one of the leading hospitals in Mumbai – PD Hinduja.

In my retirement days, without the support of the group health scheme, it would have been a major challenge for me to get a quality treatment of my ailment.

I hereby, request the ex-students in India and Abroad to give all kinds of support to this noble cause, and ensure this initiative never dies down.

I am confident that your generous contribution to this initiative will reinforce the motto “**Born for Greater Things**” which Stanislites have been brought up with by this great institution of ours.

Finally, on behalf of all fellow teachers and other staff, on the holy occasion of Diwali, I wish to express deep gratefulness, good health, prosperity and happiness to every ex-student of this Association.

Yours Sincerely,

PN Rai
